66TH ANNUAL MEDICAL CONFERENCE— EMERGENCIES IN PRIMARY & SPECIALTY MEDICINE

MAY 11, 12, & 13, 2011

OGDEN ECCLES CONFERENCE CENTER
2415 WASHINGTON BLVD., OGDEN, UT 84401

www.ogdensurgical.com

ABOUT THE CONFERENCE

We invite you to attend the 2011 Ogden Surgical-Medical Society's 66th annual conference entitled, "Emergencies in Primary and Specialty Medicine." Over the years, the Society has invited nationally-renowned speakers to come to Ogden for the annual meeting. This year is no exception. Bringing you a world class event, our faculty this year includes local and national experts. The conference will provide a highly informative and educational experience that will be of interest to all physicians.

This medical conference is the largest and longest ongoing medical meeting in the western United States. As George M. Fister, MD (past Historian for the Ogden Surgical-Medical Society) stated years ago, "the success of this annual meeting has been possible not only because of the work and efforts of the doctors of medicine, but in addition by the loyalty and support of the community of greater Ogden, the State of Utah and the Intermountain area."

Our conference will begin each morning with the popular thirty-minute sessions of *What's New in My Specialty*. Afternoon lectures will consist of interesting emergency topics from both primary and specialty medicine. You won't want to miss our outstanding presentations including those by keynote speakers such as Dr. Eric Johnson, Mount Everest base-camp physician as seen on Discovery Channel's *Everest ER*; Dr. Joseph Lex who will be speaking about gunshot wounds in four assassinated American Presidents; Dr. Raymond Zilinskas who will lecture on bioterrorism; and Dr. Frank McMillan, Director of Well-Being Studies at the Best Friends Animal Sanctuary, who will educate us about how both humans and animals can benefit in animal assistance programs.

Additionally, you have the option in the afternoon to sign up for small group sessions instead of attending one or more of the above-mentioned lectures. These will be hands-on skills labs that include topics such as management of dental injuries, concussions, epistaxis, pre-hospital care for non-EMS providers, splinting, and EKG interpretation.

To top off the event, we will enjoy FREE evening social events again this year. Wednesday night will be the George S. Eccles Dinosaur Park Family Night sponsored by McKay-Dee Hospital and the documentary, "Living in Emergency: Stories of Doctors without Borders" sponsored by Utah Emergency Physicians. Thursday night will be the President's Reception Dinner at the Ogden Union Station sponsored by Ogden Regional Medical Center and the Utah Academy of Family Physicians' Annual Meeting.

OGDEN SURGICAL-MEDICAL SOCIETY ENDS POLICY

Attendees specifically and the local community in general will receive a collegial, professional experience focused on health care and community at the greatest possible value.

CME ACCREDITATION

The Ogden Surgical-Medical Society is an accredited provider of Continuing Medical Education programs for the physicians of Utah by the Utah Medical Association. The Emergencies in Primary & Specialty Medicine is designated to receive a maximum of 25 AMA PRA Category 1 Credit(s)™. Physicians should claim credit commensurate with the extent of their participation in this activity. American Academy of Family Physicians Accreditation application and awarded credits pending.
