

# Infectious Disease 2020

The 3.5-day Ogden Surgical-Medical Society (OSMS) conference will present national, regional, and local experts on infectious disease, primary care, and current medical issues. The OSMS conference will supply needed continuing medical education (CME) while focusing on topics in infectious disease such as antimicrobial stewardship; public health responses to infectious disease in the past and present; and recent and past cases of infectious disease. At the completion of the medical conference, attendees will have a better idea of how to treat, manage, and educate their patients by:

1. Addressing what's new in specialty medicine (and when to refer) concerning innovations in: Diabetes; Testosterone Treatment; Infectious Disease (ID) Pediatrics; Pediatric and Adult Immunizations; Biologics; Psychiatric Medical Clearance; Cardiology; Oncology; ID Dermatology; Hepatitis; and Diabetic Foot Care;
2. Identifying current medical issues (and when to refer) concerning Infectious Disease Cases; Antimicrobial Stewardship trends; ID Public Health; Pneumonia DRIP Scoring; Recent and Past History ID; Neuropsychological Assessment; and Nephrology Lectures;
3. Experiencing hands-on performance skill labs concerning Osteopathic Manipulations for Infectious Diseases In Primary Care; Scribes; Epistaxis; Utah Medical Marijuana; Utah Law and Physiology, Pathology, and Pharmacology of the Endocannabinoid System; Point-of-Care Ultrasound; PREP; PT for the Primary Care Provider; Recertifications for ACLS and NRP; & DOPL-Approved Opioid Prescribing;
4. Addressing the mentioned current medical issues, and through review or integration of new or improved discoveries of current medical issues, improve competence and performance in clinical practice for patient care;
5. Identifying recent changes in healthcare laws and policies and discussing how they impact the medical practice and practitioner;
6. Enhancing competence and performance skills of the interdisciplinary team to improve care of patients needing primary and/or specialty care. The intent is to facilitate productive, collegial action between the medical team, including physicians, physician assistants, nurses, nurse practitioners, social workers, and first responders.

## 2020 Board Members

- ✦ Petronella Adomako, MD, President
- ✦ Clark Madsen, MD, MS, President Elect
- ✦ Michael S. Webb, MD, Past President
- ✦ Marc Johnson, MD, Chair
- ✦ Heather Heileson, MD, Co-Chair
- ✦ Steve Scharmann, MD, Treasurer
- ✦ Chad M. Gonzales, MD, CME Chair
- ✦ Bryan Campbell, MD, Secretary
- ✦ Val Johnson, MD, Historian/Trustee
- ✦ Douglas K. Anderson, MD, Trustee
- ✦ Jason R. Hoagland, MD, Trustee
- ✦ Brian Bennion, MPA, LEHS, Member-at-Large
- ✦ Frank H. Brown, MD, Member-at-Large
- ✦ Albert Hartman, MD, Member-at-Large
- ✦ Scott Moore, DO, Member-at-Large
- ✦ Kurt E. Rifleman, MD, Member-at-Large
- ✦ Harry O. Senekjian, MD, Member-at-Large
- ✦ Robert Whipple, MD, Member-at-Large

### DID YOU KNOW?

1 in 3 American adults is at high risk for kidney disease (KD) • The risk of KD increases to 1 in 2 over the course of a lifetime • 1 in 7 American adults has KD, and most don't know it • Diabetes and high blood pressure are the two leading causes of KD • Nearly 30.3 million Americans have diabetes • More than 247,000 people are currently living with kidney failure caused by diabetes • 75 million American adults have high blood pressure, and 20% don't know it • KD kills over 91,000 Americans every year—more than breast and prostate cancers combined • Because KD often has no symptoms, it can go undetected until it is very advanced • Early detection and treatment can slow or prevent the progression of KD • Of the over 114,927 Americans on the waiting list for a lifesaving organ transplant, more than 100,000 need a kidney. Fewer than 17,000 people receive one each year • Every day, over 13 people die waiting for a kidney • Once the kidneys fail, dialysis or a kidney transplant is required • Over 468,000 Americans are on dialysis and approximately 193,000 live with a functioning kidney transplant • Annual medical payments for a patient with KD increase from \$15,000 in stage 3 to \$28,000 in stage 4 to more than \$70,000 in stage 5 • The average annual number of physician visits for an individual with diagnosed KD is 10.28—second only to cancer • Almost 60 billion US health care dollars are spent annually to treat people with KD

National Kidney Foundation™  
of Utah and Idaho

## Getting There

### New Venue 2020

Ogden Surgical-Medical Society  
conference location:

Ogden Eccles Conference Center  
2415 Washington Blvd., Ogden, UT  
84401

## Free parking for OSMS conference

### Driving from south of Ogden:

1. Driving north on Highway I-15, Exit 341, the 30<sup>th</sup> Street Exit.
2. Turn right onto 31<sup>st</sup> Street.
3. Turn left onto Wall Avenue.
4. Turn right onto 24<sup>th</sup> Street.
5. Turn left onto Grant Avenue.
6. On your right is the parking garage at 2300 Grant Avenue, Ogden, UT 84401-1408. Park in the southeast corner of the parking lot.
7. Cross 24<sup>th</sup> Street and enter the north or west doors of the Ogden Eccles Conference Center. The conference is on the 2<sup>nd</sup> floor for the full-day conference, Wednesday through Friday, May 13–15, 2020, and the 1<sup>st</sup> floor for Tuesday evening, May 12, 2020. Go to the far east side of the respective floor for registration.

### Driving from north of Ogden:

1. Driving south on Highway I-15, Exit 343, the UT-104/21<sup>st</sup> Street Exit.
2. Turn immediately left onto W 2100 S/UT-104. Continue to follow UT-104.
3. UT-104 becomes 21<sup>st</sup> Street.
4. Turn right onto Grant Avenue.
5. On your left, after the 22<sup>nd</sup> and 23<sup>rd</sup> stoplights, is the parking garage at 2300 Grant Avenue, Ogden, UT 84401-1408. Park in the southeast corner of the parking lot.
6. Cross 24<sup>th</sup> Street and enter the north or west doors of the Ogden Eccles Conference Center. The conference is on the 2<sup>nd</sup> floor for the full-day conference, Wednesday through Friday, May 13–15, 2020, and the 1<sup>st</sup> floor for Tuesday evening, May 12, 2020. Go to the far east side of the respective floor for registration.

### WHAT IS CUSTOM FIT?

The Custom Fit training program is an employer training service provided by Ogden-Weber Technical College (OTech) and Davis-Morgan Technical College (DTech). Custom Fit funds may be available to medical professionals of for-profit companies located in Weber and Davis County, based on availability of funds. These funds assist with a portion of the training costs such as CME at the OSMS conference. OTech and DTech receive state funding to help subsidize training costs that may be used to help pay or reimburse the cost of the CME Conference for you. Custom Fit Training increases your productivity, helps your company grow, and gives you and your company a competitive edge.

### How can Custom Fit benefit you and your organization?

**Funding:** Up to 40% of the Ogden Surgical-Medical Society (OSMS) fee may be subsidized. **Flexibility:** Training courses such as the 2020 OSMS conference at the Ogden Eccles Conference Center are designed to meet the needs of you and your organization. **Accessible:** Requesting funding is easy. It can be done quickly with one of our Custom Fit managers. **All funding requests must be approved prior to the start of the OSMS conference.** **Customer service:** You will be assigned to a Custom Fit manager that will work with you. For Weber County, call 801-612-4178 or email [custom.fit@otech.edu](mailto:custom.fit@otech.edu), or for Davis County, call 801-593-2318 or email [jean.fowler@davistech.edu](mailto:jean.fowler@davistech.edu).

# REGISTRATION FORM

## Registration Information

Registration includes:

- ✓ Membership in Ogden Surgical-Medical Society
- ✓ Up to 29.5 continuing medical education credits
- ✓ Conference materials
- ✓ Breakfasts, lunches, and breaks
- ✓ Free evening socials and dinner events

## Special Needs

The Ogden Surgical-Medical Society and Ogden Eccles Conference Center fully comply with legal requirements of the Americans with Disabilities Act and the rules and regulations thereof. If any participant is in need of accommodations, please call Teresa at 801-564-5585.

Name \_\_\_\_\_

Address \_\_\_\_\_
