- Our nonprofit organization was formed in 1946 and has provided medical education to our community with an annual conference for 75 years. The meeting is attended by approximately 500 (approximately 1/3 are primary care physicians) practitioners and held here in Ogden, Utah. Our website is <http://www.ogdensurgical.com>, where you can obtain a history and flavor for our organization. If you cannot attend all of the 3.5-day conference, please make your choice of attendance by the topics you are most interested in on any given conference day and let Teresa know this information. The conference agenda is available on [ogdensurgical.com](http://www.ogdensurgical.com).

Warm Regards,
Teresa Puskedra

Creating a Successful Poster

Plan

- Size – 4 feet by 4 feet
- Text – amount of copy, font type and size
- Images and graphics

Assemble

- Proof, edit, re-proof, re-edit

Print

- Check campus and local printing service rates/experience
- Printing charges range from \$9-12 per square foot depending on paper selection
- Plan for a 1-2-week turnaround time
- Check if you can submit your poster for printing via e-mail, CD, floppy disc or thumb drive
- Specify the date your poster is needed, its finished size and paper type

Display Options

- Paper or canvas roll
- Poster board

Selecting Poster Content

Describe all parts of the research, educational program or community service project, including why it did or did not work.

- Background
- Hypothesis/program or project objectives
- Research design/program or project description
- Results/evaluation
- Conclusion(s)
- Future plans
- References

Present a clinical scenario with discussion of an actual patient presentation or review current evidence-based recommendations for a clinical topic

Clinical case presentation

- Introduction
- Case description
- Discussion of current practice guidelines for management of the patient

Evidence-based review

- Evidence summary
- Recommendations from others
- Clinical commentary

Tips on Constructing Your Poster

Be consistent

- Keep consistent margins
- Keep line spacing consistent
- Keep color, style and thickness of borders the same
- Keep shading consistent

Limit text

- Put details in a handout
- Goal: 20% text, 40% graphics, 40% space (this is a suggestion only)

Make sure ideas flow from panel to panel logically (consider numbering panels)

Use Charts and graphs to illustrate data (avoid large tables of raw data)

Use high resolution photographs (Web images often won't work)

Pick 2-3 fonts

- Headings – Good Old Style, Bold, Shadowed, Garnet, Centered
- Body Text – Verdana, Black, Left Justified
- Labels – Arial, Black, Left Justified

Pick 2-3 colors

- Use the same principles for contrast that you might use for a PowerPoint presentation
- Conserve on ink by limiting solid color backgrounds by using white or light colors

Test readability

- Title banner should be able to be read from 20 ft
- Body text should be able to be read from 6 ft
- Suggested font sizes (will vary slightly depending on font style)-these are only suggested sizes, not mandatory.
 - Title of poster: 96-120 pt
 - Author(s) and institution: 60-72 pt
 - Headings: 60-72 pt
 - Body Text: 32-48 pt
 - Labels: 20-32 pt
- Do not use all capital letters

Abstract requirements:

Research

- Project description
- Objectives/purpose
- Methodology
- Presenters' role in project
- Results/evaluation
- Conclusion

Clinical Inquiry

- Introduction
- Case description
- Discussion of practice guidelines

Community Project/Educational Program

- Project/program description
- Objectives/purpose
- Methodology
- Presenters' role in project/program
- Results/evaluation
- Conclusion

Judging Criteria - Entries will be judged on:

- Originality/innovative nature of project or question
- Statement of purpose/goals
- Project description
- Evidence-based nature of content
- Validity of conclusions

Objectives for the poster contest. After the poster session, attendees will be able to:

- Utilize this process in a quality project within their practice
- Use the information gained in the research project to modify daily practice
- Access community medical resources more effectively
- Watch for similar cases in practice
