

77th Annual CME Conference
Clark Madsen, MD, MS, Presiding

Conference
FOR THE Curious
Clinician
in Primary & Specialty

May 17, 18, 19, & 20, 2022

Accreditation

The Ogden Surgical-Medical Society designates this live activity for a maximum of 28.50 AMA PRA Category 1 Credit(s)[™].

Physicians should claim only the credit commensurate with the extent of their participation in the activity.

The Ogden Surgical-Medical Society is accredited by the Utah Medical Association to provide continuing education to physicians.

American Academy of Family Physician Accreditation application and awarded credits pending.

ACGME Competencies: This course is designed to meet the following Accreditation Council of Graduate Medical Education

Competencies: Patient Care, Medical Knowledge, Practice-Based Learning and Improvement, Interpersonal and Communication Skills, Professionalism, and System-Based Practice.

Program Description

The 3.5-day Ogden Surgical-Medical Society (OSMS) conference will present national, regional, and local experts on primary care, sports medicine, and current medical issues. The OSMS conference will supply needed continuing medical education (CME) while focusing on topics that hopefully reignite the curiosity of clinicians. At the completion of the medical conference, attendees will have a better idea of how to treat, manage, and educate their patients.

Board Members 2022

 Heather Heileson, MD, Co-Chair
 Steve Scharmann, MD, Treasurer
 Chad M. Gonzales, MD, CME Chair
 Bryan Campbell, MD, Secretary
 Val Johnson, MD, Historian/Trustee

Douglas K. Anderson, MD, Trustee
 Jason R. Hoagland, MD, Trustee
 Frank H. Brown, MD, Member-at-Large
 Albert Hartman, MD, Member-at-Large
 Michael S. Webb, MD, Member-at-Large
 Kurt E. Rifleman, MD, Member-at-Large
 Harry O. Senekjian, MD, Member-at-Large
 Robert Whipple, MD, Member-at-Large

DID YOU KNOW?

1 in 3 American adults is at high risk for kidney disease (KD) • The risk of KD increases to **1 in 2** over the course of a lifetime • **1 in 7** American adults has KD, and most don't know it • **Diabetes and high blood pressure** are the two leading causes of KD • Nearly **34 million** Americans have diabetes • More than **247,000** people are currently living with kidney failure caused by diabetes • **116 million** American adults have high blood pressure, and 20% don't know it • KD kills over 100,000 Americans every year—more than breast and prostate cancers combined • Because KD often has **no symptoms**, it can go undetected until it is very advanced • **Early detection** and treatment can slow or prevent the progression of KD • Of the over **113,000** Americans on the waiting list for a lifesaving organ transplant, more than **99,800** need a kidney. Fewer than **17,000** people receive one each year • Every day, over **13 people die** waiting for a kidney • Once the kidneys fail, dialysis or a kidney transplant is **required** • Over **558,000** Americans are on dialysis and approximately **193,000** live with a functioning kidney transplant • Annual medical payments for a patient with KD increase from **\$16,000** in stage 3 to **\$30,000** in stage 4 to more than **\$72,000** in stage 5 • The average annual number of physician visits for an individual with diagnosed KD is 10.28—second only to cancer • Almost **114 billion** US health care dollars are spent annually to treat people with KD • Kidney Disease affects 37 million adults in the US and costs Medicare over \$130 billion annually

Getting There

New Venue 2022

Ogden Surgical-Medical Society conference location:
Weber State University, Shepherd Union Building, 3rd Floor

Weber State University
3848 Harrison Boulevard
Ogden, Utah
84408
